SKILLS

- **Languages:** Java, Python, C++, C, JavaScript
- **Web Technologies:** HTML, CSS, Node.js, Express, React
- **Tools/Platforms:** MySQL, Git
- **Cloud Services:** Google Cloud, AWS
- **Operating System:** Linux, Windows
- **Soft Skills:** Communication, Adaptability, Team Work, Problem-Solving

WORK EXPERIENCE

- **WowDecor & Events** | [Link](#) Oct 2025 - Nov 2025
Freelance Web-Developer
 - Developed a fully responsive website for a US-based event management startup, collaborating with a cross-functional team to ensure seamless performance across devices and browsers, resulting in improved accessibility and user reach.
 - Implemented dynamic image galleries, an optimized event booking system, and interactive testimonial sections to enhance user engagement, leading to smoother client inquiries and better user interaction.
 - Designed a modern and intuitive UI/UX aligned with the brand's identity, creating a visually appealing platform that effectively showcases services and strengthens client trust.**Tech:** HTML, Tailwind CSS, JavaScript, jQuery

PROJECTS

- **ConnectShare – AI-Powered Real-Time Collaboration Workspace** | [Link](#) Apr 2026 – May 2026
 - Constructed a full-stack collaboration platform featuring resource sharing, real-time chat, workspace management, and AI-powered document search utilizing PostgreSQL, MongoDB, and a polyglot persistence architecture.
 - Enforced JWT-based authentication, Role-Based Access Control (Admin, Member, Viewer), workspace invitations, gzip-compressed file uploads, and real-time presence/typing indicators using Socket.IO.
 - Orchestrated the Google Gemini API with a multi-model fallback system to deliver AI-powered content generation, summarization, conversational assistance, and semantic document search using vector embeddings.**Tech:** Node.js, Express.js, PostgreSQL & MongoDB, TypeScript, React, Socket.IO, Gemini API, HTML, Tailwind CSS
- **AssignMate – Task & Assignment Management System** | [Link](#) Jan 2026-Feb 2026
 - Engineered a full-featured web application to manage assignments, tracks deadlines, and organize tasks efficiently in a centralized platform.
 - Integrated user authentication, dynamic dashboards, and real-time task updates to enhance usability and productivity.
 - Architected a clean, responsive interface with intuitive navigation, ensuring a seamless user experience across devices.**Tech:** HTML, Tailwind CSS, JavaScript, Flask, SQLite, Python
- **PrashasthiCreates – Personal Portfolio Website** | [Link](#) Sep 2025
 - Built a mobile-friendly portfolio platform to present projects, technical abilities, accomplishments, and resume, creating a strong digital presence.
 - Structured seamless navigation with fluid scrolling and clearly organized sections for work, expertise, and contact details to improve accessibility and flow.
 - Crafted a sleek and minimal interface emphasizing clarity and aesthetics, delivering an engaging experience that highlights personal identity and work effectively.**Tech:** HTML, Tailwind CSS, JavaScript, jQuery, React

CERTIFICATES

- Certified in Java with OOPS | CipherSchools | [Certificate](#) Jul 2025
- Computer Communications Specialization | Coursera | [Certificate](#) Nov 2024
