SKILLS

- **Languages:** Java, C++, JavaScript, Bash, Shell Scripting.
- **Frameworks:** HTML and CSS
- **Tools/Platforms:** MySQL
- **Cloud Services:** AWS, Apache, Google Cloud.
- **Operating System:** Linux (RedHat, Ubuntu), Windows.
- **Soft Skills:** Problem-Solving, Team Player, Adaptability

WORK EXPERIENCE

- **WowwDecors & Events** | [Link](#) Oct 2025 - Nov 2025
Freelance Web-Developer
 - Collaborated with a cross-functional team to develop a fully responsive and interactive website for a US-based event management startup, ensuring seamless performance across all devices and browsers.
 - Implemented dynamic image galleries, an efficient event booking form, and engaging client testimonial sections to enhance user interaction and streamline client inquiries.
 - Designed a clean, modern, and intuitive user interface that effectively showcases services and past projects while reflecting the brand's creativity and professionalism.**Tech:** HTML, Tailwind CSS, JavaScript, jQuery
- **TheMudrak - Sustainable and Eco-Friendly Printing & Packaging Store Website** | [Link](#) Jan 2025 - Mar 2025
Freelance Web-Developer
 - Developed a fully responsive website for **TheMudrak**, a sustainable and eco-friendly printing and packaging brand, ensuring smooth performance across all devices.
 - Built the front-end using HTML, CSS, and JavaScript, and integrated WordPress to enable dynamic functionality and easy content management.
 - Crafted an intuitive and engaging UI/UX to effectively showcase eco-friendly products while optimizing fast loading speed and overall user experience.**Tech:** HTML, CSS, JavaScript, WordPress.

PROJECTS

- **ConnectShare** | [Github](#) | [Link](#) Apr 2026 – May 2026
 - Designed and developed a full-stack collaboration platform featuring resource sharing, real-time chat, workspace management, and AI-powered document search using PostgreSQL, MongoDB, and a polyglot persistence architecture.
 - Implemented JWT-based authentication, Role-Based Access Control (Admin, Member, Viewer), workspace invitations, gzip-compressed file uploads, and real-time presence/typing indicators using Socket.IO.
 - Integrated Google Gemini API with a multi-model fallback system to deliver AI-powered content generation, summarization, conversational assistance, and semantic document search using vector embeddings.**Tech:** Node.js, Express.js, PostgreSQL, Prisma, MongoDB, Mongoose, Socket.IO, React 18, TypeScript, Vite, Zustand, Gemini API, JWT, REST APIs, Tailwind CSS.
- **SmartIntern-Tracker** | [Github](#) Feb 2026 – Feb 2026
 - Designed and developed a full-stack, AI-powered internship management platform to streamline internship tracking, resume analysis, and performance evaluation for students.
 - Architected a scalable backend using FastAPI to handle REST APIs, authentication, resume uploads, and secure internship data processing, ensuring clean architecture and high performance.
 - Embedded Gemini API (1.5 Flash) to build an intelligent AI chatbot for real-time query resolution and resume insights, and implemented Machine Learning models using Scikit-learn to evaluate and predict internship performance metrics, along with responsive personalized dashboards.**Tech:** FastAPI, Python, Gemini API, Scikit-learn, JavaScript, REST APIs, Authentication, AI Chatbot, Resume Analysis, Machine Learning.
- **Smart Portfolio** | [Github](#) | [Link](#) Jul 2025 - Jul 2025
 - Developed and launched a professional personal portfolio website to present technical skills, key projects, and career achievements through a well-structured digital presence.
 - Engineered a fully responsive and adaptive interface to ensure consistent performance across multiple devices and screen resolutions.
 - Integrated Gemini-powered content refinement to enhance clarity, engagement, and presentation quality; deployed via Netlify with publicly accessible source code on GitHub, showcasing production-ready hosting and repository management practices.**Tech:** HTML, CSS, JavaScript|TypeScript, Tailwind CSS, AI-assisted content (Gemini AI).
- **Directory Management System - Smart File Organization and Duplicate Finder** | [Github](#) Apr 2025 - Apr 2025
 - Developed a desktop file organization tool in Python that automatically categorises files across 10 extension-based categories (images, documents, audio, video, code, etc.) using MIME type detection via the python-magic library.
 - Implemented MD5 content hashing with hashlib to detect and flag duplicate files regardless of filename, and built an

undo mechanism to revert the last organization operation and restore original file locations.

- Designed a responsive Tkinter GUI with TreeView-based file preview, allowing users to inspect pending file movements before confirming any operation, reducing accidental data loss..

Tech: Python, Tkinter, OS Module, Hashlib, Magic (MIME Type Detection), Multithreading.

TRAINING

- **InternsVeda Edutech Pvt. Ltd.:**

Dec 2024 - Jan 2025

Cloud Computing Intern & Trainee

Completed a combined training and internship program in cloud computing, gaining hands-on experience with virtualization, infrastructure, and deployment.

Collaborated on real-world cloud projects, optimizing performance, scalability, and security using industry best practices.

Skills Acquired: Cloud Computing, Virtualization, Infrastructure Management, Deployment, Security

CERTIFICATES

- MERN Stack Development|Cipher Schools|[Certificate](#)

Jul 2025

- Internship and Training in Cloud Computing|InternsVeda|[Certificate](#)

Jan 2025

ACHIEVEMENTS|EXTRACURRICULAR

- **LeetCode 100 Days Badge:**

- Earned a badge on completing the 100 Days of LeetCode challenge, demonstrating persistence and consistent practice in data structures and algorithms.
- Won 1st prize in city-level science exhibition held in Dehradun.
- Organized and led several college events as the club president, demonstrating strong leadership and event management.

EDUCATION

- **Lovely Professional University**

Bachelor of Technology - Computer Science and Engineering CGPA:7.55

Phagwara, Punjab

Aug 2023 – Present

- **Shivalik Academy**

Intermediate Percentage:81.6

Dehradun, Uttarakhand

Apr 2022 - Mar 2023

- **Venus Public School**

Matriculation Percentage: 87.6

Gwalior, MP

Apr 2020 - Mar 2021
